# ARE THEY USED?

Just six Price & Lee directories in customer's use for one year picked at random when the new one was issued.

What a tribute to the knowledge of the man who insists on complete representation throughout his city directory.

Your city directory is where advertising becomes a part of durability and use.

# Reference Advertising

HE who buys space in the City Directory buys advertising permanency. Every day thousands of business men all over the country search its classified sections to find where nationally advertised goods may be purchased. City Directory ("Reference") Advertising is the completing girder in the bridge between dealer and consumer, and should be part of all national and local campaigns.

Old Arcade,
City.
Gentlemen:

Referring to yours of yesterday acknowledging our order for Directory for 1915. Permit us to say that we know of no money we spend which brings so great a return as that for the City Directory.

Your product certainly represents a very important piece of work splendidly accomplished. In this connection also permit me to express my appreciation for the use of the directories of other cities which you keep on file in your office. I often find them a matter of great convenience and feel almost ashamed to make use of them without payment.

Very truly,

## *"What You Should Know About Your City"*

*"The helpful kind of patriotism is the kind that grows out of a knowledge of one's town, of her growth, her people, her property, her government, and her needs. This knowledge develops, first, an intelligent interest; then, a sympathy; then, a reasonable affection, a wise and temperate jealousy for her good name and a wish that she may prosper and grow more beautiful; and finally, a desire to help her to become greater and finer, a bright and clean workshop and a home for the best of men and women."—John Cotton Dana.*

## The Mortality of Advertising

THE waste basket is the grave of millions of dollars worth of advertising every year. Keep your advertising out of the waste basket by using mediums that are not thrown away. The City Directory is on the job 365 days in the year and no level headed man will think of the waste basket and the City Directory at the same time.

**The Price & Lee Company**

# *Reference Advertising*

◆

**Advertising**—that is perpetual in mediums that have a permanent value.

**Advertising**—that protects and supplements all other forms of advertising that create desire.

**Advertising**—that directs the buyer when the need is imperative after the desire has been created.

**Advertising**—that by its permanence establishes confidence and stability.

**Advertising**—by which tomorrow's success is built on today's action.

◆

***Your City Directory is one of these mediums***

# History

Chicopee, Massachusetts, was first settled in 1638, the first of the settlers probably being Henry and Japhet Chapin, sons of Deacon Samuel Chapin who was one of the early settlers of Springfield. It was incorporated as a town in 1848 and as a city in 1890. When incorporated as a town, Chicopee had a population of 7,861 and the population of the city according to the Federal Census of 1930 was 43,930. The city has grown continuously and steadily as an industrial community. It has excellent water and electric power facilities and is noted for the skill of its workmen.

**Service Institutions**—Public utilities in the city are well organized and render efficient and economical service to the citizens. The city has excellent water facilities which are efficiently handled by a municipal water works department. Electric light and power are furnished by the Chicopee Electric Light Department, a municipal institution and its rates both for private and power use are the lowest in the state. The Springfield Gas Light Company furnishes gas at reasonable rates. Transportation facilities are furnished by both the Springfield and Holyoke Street Railways which operate busses on all the main arteries leading to and from the city.

Chicopee is noted for its splendid educational system, the cost of education in the city being almost the lowest in the state. It has a splendid high school, and twenty-four junior high and elementary schools, with seven parochial schools. About 10,000 pupils attend both the public and parochial schools. The College of Our Lady of the Elms, a Catholic institution, is also located in Chicopee. Outstanding in training men and women in modern trade schools for war work. Placing over 2,000 in defense factories in Chicopee and vicinity.

**Financial Situation**—The city has a bonded indebtedness of only $1,057,531, much of which was incurred in recent years in the erection of a new bridge across the Chicopee River at Chicopee, the erection of a new dam and filtering plant which now furnishes the city with an excellent supply of water both for drinking and commercial purposes and for the erection of several main highways. There are six banks in the city of which two are savings and also one trust company. The financial condition of Chicopee is the best in a number of years, and unless some unforeseen emergency arises, the City of Chicopee, will be free of debt, which will lower the tax rate substantially.

**Civics and Welfare**—The city has a very fine record for health and sanitation. It has two hospitals, one private and the other being municipally owned for the care of infirmary patients.

Westover Field, the largest Airbase in the Northeast area, is permanently located in Chicopee.

## *"What You Should Know About Your City"*

*"The helpful kind of patriotism is the kind that grows out of a knowledge of one's town, of her growth, her people, her property, her government and her needs. This knowledge develops, first, an intelligent interest: then, a sympathy: then a reasonable affection, a wise and temperate jealousy for her good name and a wish that she may prosper and grow more beautiful: and, finally, a desire to help her to become greater and finer, a bright and clean workshop and a home for the best of men and women."—John Cotton Dana.*

# Reference Advertising

HE who buys space in the City Directory buys advertising permanency. Every day thousands of business men all over the country search its classified sections to find where nationally advertised goods may be purchased. City Directory ("Reference") Advertising is the completing girder in the bridge between dealer and consumer, and should be part of all national and local campaigns.

# CHICOPEE, FAIRVIEW, WILLIMANSETT NUMERICAL DIRECTORY

## EXPLANATORY NOTES

The streets are arranged alphabetically with their descriptions, each description followed by a numerical arrangement of householders, places of business and street intersections. (Arranged by rotation where no numbers have been assigned.)

The abbreviation "r" between the street number and the name signifies "rear."

The word "vacant" after a number signifies that the house, office or store at that number was vacant when canvass was made.

△Indictes telephone at this number.

"(Right odd)" after street description indicates odd numbers on right side of street.

The symbol ◎ following a householder's name indicates that information has been secured during the canvass that the house is owned by some member of the family, but as the publishers cannot and do not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors canbe or is assumed, nor can the publishers furnish further information than that shown.
